

Constellation

STRATEGIC ACCOUNT OS

CUSTOMER-READY ASSETS

Proposal Studio

Proposal Studio converts account strategy into polished proposal content without rebuilding the narrative from scratch.

Module library

Reusable PDF modules for executive narrative, product proof points, implementation plans, and customer references.

Dynamic pricing

CRM-export imports, pricing options, terms, quote language, and customer-ready commercial tables.

Impact & ROI

Before-and-after business impact packaged directly into the generated proposal.

Proofing loop

Save specs, attach for review, reload, and preserve local demo behavior without server-only state.

Outcome

A more credible proposal motion: strategy, commercials, ROI, references, and implementation plan arrive as one branded enterprise document.
